I.S.O. FIRE RATING/PROTECTION CLASS

The Wilton Fire Protection District is considered an **I.S.O. Class Eight Fire Rating**, provided the residence is within a five mile radius of one of the District's three fire stations.

The Wilton Fire Protection District's Fire Stations include:

- 1). Station 81, 9800 Dillard Road, Wilton, CA 95693
- 2). Station 83, 12844 Orange Road, Wilton, CA 95693
- 3). Station 84, 10661 Alta Mesa Road, Wilton, CA 95693

The approximate call response time is five to eight minutes. Up to three engines may respond to a call and the equipment responding has a 750-2500 gallon capacity (1500 GPM flow).

The water sources available for filling apparatus include three hydrants (750 GPM) at the Dillard School, four draft hydrants at the Folsom Canal, and two draft hydrants on Jeff Brian Lane in Wilton.

New construction in Wilton requires fire sprinklers, interconnected hard-wired smoke detectors, and approved roadway/driveway access with a 16' wide minimum. Plan review services are provided by the Cosumnes Fire Department located at 10573 East Stockton Boulevard, Elk Grove, California 95624. Their phone number is (916) 405-7100.

The Wilton Fire Protection District provides 24 hour volunteer shift staffing (seven days per week) at Station 81.

If you have any further questions regarding the I.S.O. Fire Rating, please contact the Wilton Fire Protection District Interim Fire Chief, Jeffery Cookson, at (916) 687-6920 or via email jeff_cookson@wilton-fire.org.
